

INDIA'S LARGEST HEAVY ENGINEERING WORKSHOP

We take immense pleasure in introducing you to a pioneer in the Heavy Mechanical core sector. United Van Der Horst Ltd. or more commonly known as UVDHL.

We are proud to inform you that **UVDHL** is now a part of the Max Spare Group of companies **(PREVIOUSLY KNOWN AS SPAREAGE SEALS LIMITED)** one of the largest suppliers of **HYDRAULIC, PNEUMATIC AND ROTARY SEALS AND O-RINGS SINCE 1959.**

Since its inception in 1989, UVDHL a Public Limited Company was formed as a collaboration between the UB Group (India) and Dr. Van Der Horst B.V. (Holland), the company provides Reconditioning, Re-standardizing, Reverse Engineering & Manufacturing services to most of the core sectors such as Marine, Oil Field, Power Plants, Petrochemicals, Mining and other major processing industries by combining the patented 'Porous Krome' and hard chrome plating techniques with highly specialized welding processes. We have successfully carried out many repairs/reconditioning & manufacturing jobs well within the stipulated time frame and have maintained a high success rate of customer satisfaction.

Some Industries We Cater To

**Steel & Process Mills | Oil & Gas | Petrochemicals & Fertilizers
Cement | Marine | Defence | Construction | Heavy Lifting**

Our head office and factory is based in MIDC of Taloja, Mumbai, India where we execute all our processes. All our mechanical needs will be carried out here, all of it in one workshop.

Our reach in India is constantly expanding as UVDHL is one of the largest service providers for all maintenance and breakdown needs. We take pride in successfully having provided services to companies like TATA, JSW, Reliance Industries, Mahindra, ONGC, SAIL, Essar, etc.

Our facilities have been revamped and revitalized recently to fulfil all our customer's needs and expand our capacity.

OUR PROCESSES INCLUDE

- Grinding (Diameter up to 1250 mm and length up to 10 meters)
- Honing (Diameter up to 1200 mm and length up to 8 meters)
- Chrome Plating
- Submerge Arc Welding
- Boring
- Vertical Turret Lathe
- Groove Grinding

All our processes are approved by classified organizations such as Llyods, IRS, ABS, DNV, BV etc.

We always aim to ensure maximum quality while keeping up with a fast response rate for all enquiries and deliveries as we thrive on keeping our customers satisfied.
